Physical and Lifestyle Counseling; Exercise Prescriptions.

Herbs/Natural Medicines (prescribing of various therapeutic substances including plants, minerals and animal materials. Homeopathic remedies, often highly dilute quantities of naturally occurring substance, may also be used.)

Dietary Advice and Therapeutic Nutrition (use of foods, nutritional plans or supplements for treatment)

Electromagnetic and Thermal Therapies (includes the use of infrared and ultraviolet therapies.)

Injectable Therapies including intramuscular vitamins or homeopathic medicines. I will not administer any vaccines.

Potential Treatment Risks: Pain, discomfort, blistering, discolorations, infection, burns, loss of consciousness or deep tissue injury from needle insertions, topical procedures, heat or frictional therapies, electromagnetic- and hydrotherapies; allergic reactions to prescribed herbs or supplements; soft tissue or bone injury from physical therapies; and aggravation of pre-existing symptoms.

Labor-stimulating techniques or any labor-inducing substances will not be used unless the treatment is specifically for the induction of labor.
